

# ResQ® CRAFT-3800

## SPECIFICATION SHEET

The ResQ CRAFT-3800 is a lightweight and fully inflatable rescue boat with a high pressure Hypalon drop thread air-deck, offering inherent shock mitigation for crew. The craft is highly mobile for inshore, inland waterways and flood rescue applications and is currently in operation with various Fire & Rescue Services globally. Fitted with a composite transom, the craft has the capability to be mounted with an outboard engine up to 30 HP. Transportation of the ResQ® CRAFT-3800 is simple via integrated handles when inflated or via a stowage valise when fully deflated.

### STANDARD FEATURES\*:

Tube Material:	Hypalon	Air Volume (Tubes)	1350L
